5.3.2 Presence of an active Student Council & representation of students on academic & Administrative bodies/committees of the institution

The growth and development of any academic institution depends on the energy, enthusiasm and commitment of the primary stakeholders namely the students. The opportunities that are made available for the young to apply themselves for enhancing the quality of their academic life, realization of the innate talents, the achievement of human potential, ownership of one's own academics are important aspects that determine the credibility of the Institution. From its inception GVP-SITAM realized that almost anything is possible with the wholehearted involvement and participation of the students. Therefore, the importance of students leadership can never be overstated.

Hence, the HEI involves students in all activities such as academics, cultural activities, entertainment, sports, social activities of the college, etc. SITAM encourages the students to be members for various committees that operate at three levels namely class, year, Department and finally at the College level.
