Respected Sir,

Sub: Requisition to invite as a Resource Person for a FDP -regd.

It is an immense pleasure that the Dept of Mechanical Engineering is organizing a Six day FDP program from 4th July 2020 to 9th July 2020. In this connection I request you to be a resource person for one session of the FDP program. I came to know that you are having sound knowledge in Solid works. Your deliberation and participation will surely benefit the community of Faculty. Hence here I request you to consider the above and give your acceptance as a resource person.

With best regards,

Yours Sincerely,

Students of civil branch will get the idea of dams and canals and their purposes. Students will also get familiar with catchment area, hydraulic gates, and level of water, wing wall and body wall.

As per our Schedule we started from Campus at around 07:30 AM and reached to Thotapalli reservoir at around 10:30AM.

During the visit, At Thotapalli reservoir, Mr. Srinu babu garu, Deputy Executive Engineer, VKMNJR project, explained about head regulator, operating procedure of head regulator, spillway and radial gates of structure.

At Janjavathi rubber dam, Dr. B. Santosh Kumar garu and Mr. K. Srinu naidu garu explained about the spill way, the working of Janjavathi rubber dam, the first rubber dam in Asia; also explained about the inspection gallery in the dam.

2 | Field Visit 22nd Sep' 2021 Civil

Dr. D.V. Ramamurthy
Principal
Satya Institute of Technology and Management
Vizianagaram

Andra reservoir, Dr. B. Santosh Kumar garu, Deputy Executive Engineer, Irrigation Department, Vizianagaram, explained about the working procedure of ogee spillway, left and right canals of Andra reservoir.

The students of III and IV B. Tech, civil engineering, were very well furnished with the knowledge of medium irrigation projects by the respected resource persons.

From this visit, we got information and practical knowledge about distribution of water and storage of water. Students were also made aware about different protection measures used in headwork. They learnt about new technology about hydraulic gates and system of canal. Students were benefited from this visit as they got chance to discuss with authorities working at dam. Thus, this site visit was very delightful and we had a great knowledgeable experience. We were really satisfied and had a great time.
